the M. D. of Harmony are
earnestly invited to attend, on

o'clock in the evening.

posed changes.

Air Cadet Squadron to be Formed Here

Flight Lieutenant Dall of No.
4 Training Command was a
visitor in town Thursday to lay
the ground work for the for-
mation of an Air Cadet
Squadron.

The Air Force Cadets are a
very well organized and super-
vised body, being directly affil-
iated with the R. C. A. F.
Nothing is left to guesswork
and nothing is done in a hap-
hazard manner. The practical
training the boys are given fits
them for acceptance for service
with the R. C. A. F. when they
become of age to enlist.

Champion and Carmangay
will form one squadron. The
squadron is under the direction
of a civilian committee of six
men who do all the business in
connection with the organizing
and financing. The Cadets are
trained and under the officer-
ship of six adult officers.
Courses are given in the local
school in the evening on sub-
jects directly concerned in fly-
ing and Air Force routine.

Equipment is supplied by the
government and it is estimated
that the equipment supplied
this squadron would be valued
around \$1,200 to \$1,500.

On Tuesday evening a meet-
ing in the Municipal offices will
be held when any adults in-
terested may meet to hear
Flight Lieutenant Dall outline
the project.

THE PEOPLES' CHOICE

When the people of any district elect a representative to any of their governments, municipal, provincial or dominion they are exercising a democratic right. They elect one whom the majority feels will best represent their interests.

When a man or woman is elected to represent the people of his or her district in any of these forms of government he, at the moment of taking office, assumes certain definite responsibilities.

It is his responsibility to represent all his constituents irrespective of how they voted at the election.

It is responsibility to put before the government the wishes and desires of the people of his constituency and to fight for

them even if it is against the principles of his particular party. He must never lose sight that he is elected to represent the people and not to represent the government.

Nor can the representative of the people hide behind the fact that the people elected him and therefore endorsed whatever he wishes to do. The wishes and desires of the people are fluid and change as circumstances change, and their representative must interpret these changes to his government.

PUBLIC OPINION

Public opinion in this municipality is strongly against the large municipal unit. So strong is the feeling that ratepayers who, to date, have been supporters of the government have openly declared that they will fight the government to the bitter end over this measure.

Public opinion has a way of achieving what it wants, providing it wants it hard enough and is willing to unite and fight for it. No government or representative of one can successfully, for long, ignore public opinion.

In the next few weeks it looks as if the ratepayers and business men of this district will have plenty of opportunities to fight openly this deal they dislike so much. Whether they are successful or not will

"We'll hold your place"

IN EVERY city, town and village throughout Canada today there are gaps where once were young men. They heard a call and put on navy blue, khaki, horizon blue, and they have gone, answering a call...

They are missed—missed not only in their homes but also in the business places which once they filled.

They have gone from every institution in Canada; but from none more than from the chartered banks. There is hardly a branch office from coast to coast which is not today the poorer—and the prouder—for those who thus laid down their pens.

But every branch manager, as he shook parting hands, had this consolation: he could say, "We'll hold your place. It will be waiting for you when you come back. That is a pledge."

So it is the part of those who remain to serve their country in such a way that the promise may be kept: "We'll hold your place."

There were 14,433 single and married men from 18 to 45 years of age employed by the Chartered Banks at the outbreak of war. 5,053—or 35% of them had joined the armed forces by October 31st, 1942; 1,243 others who joined bank staffs since war began have also enlisted.

THE CHARTERED BANKS OF CANADA

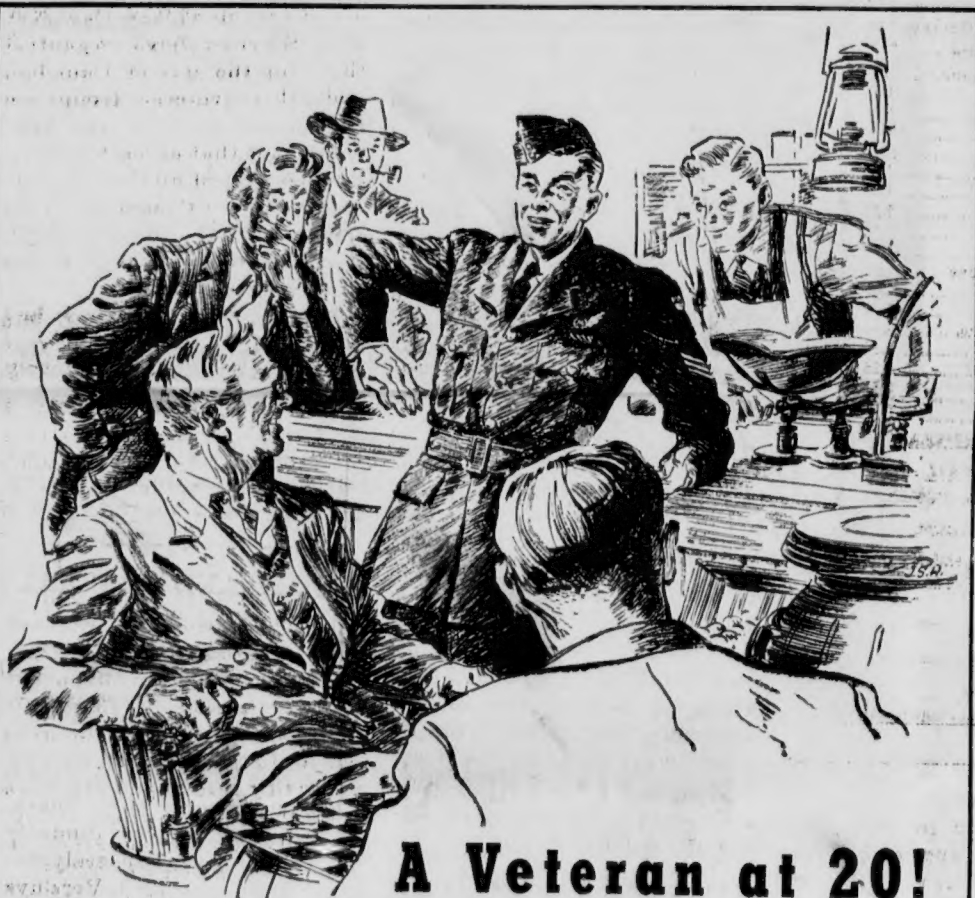

depend how well they organize and work together.

One thing to remember is that the government might override the wishes of the people no matter how hard they fight to impress upon the government what their wishes are. But this should not stop those affected from fighting.

If the taxpayers are content that this municipality should be dissolved, then let them remain aloof and quiet. If they do not want it dissolved let them express their feelings in the matter by attending whatever meetings are held, by writing expressing their disapproval, to their municipal councillors, to their provincial member, to the provincial government, and to

their paper.

The people of England changed their government from Chamberlain to Churchill without an election, merely by the force of public opinion. Surely a united expression of public opinion in this municipality might have the effect of staying the government's hand in the question involved.

A Veteran at 20!

Back from scores of bombing raids over a dozen countries, this young airman has found adventure in the skies! Just out of his teens, an eager youth in years, he's a veteran in experience. He's a first-line fighting man, trained in the science of war at 5-miles-a-minute!

He and his buddies in R.C.A.F. air crew are team-mates. Gunner, Wireless Operator, Bomber, Pilot, Navigator—all work together as a smooth, swift "attack team" in a giant bomber. Their targets accurately surveyed in advance by daring reconnaissance pilots—their flight protected by the blazing guns of fighter planes—the bombers wing their relentless way to smash Nazi nerve-centres.

The expanded Air Training Plan has room for more men who want to be with these fighting comrades of the skies. Right now applications are being accepted for air crew duty, at R.C.A.F. Recruiting Centres throughout Canada.

If you are physically fit, mentally alert, over 17½ and not yet 33, you are eligible. If you are over 33, but have exceptional qualifications, you may still be considered. Lack of formal education is no longer a bar to enlistment.

WOMEN TOO— join "that men may fly." Canadian women fill vital jobs in the R.C.A.F. Women's Division, releasing men for air crew duties. Recruits are needed, age 18 to 40, physically fit, with at least High School entrance. Many useful and fascinating jobs await you. No experience needed. The Air Force will train you quickly to take your place with Canada's airwomen. Full information at any R.C.A.F. Recruiting Centre, or write address below for booklet.

Dear Mr. Orris:

Just a note to let you know how much I appreciate your sending the Chronicle to me every week since I have been over here. As I wasn't around Champion very long I don't know so very many people there, but it is awfully nice to read about those I do know and how everybody at home is getting along.

Things haven't changed much over here lately but all the Canadian Army and Air Force fellows are really ready to have some action soon. Anyway we are looking forward to having some in the near future, and we are hoping to see an end to this before another year goes by.

Well, I will thank you again and sign off.

LETTERS FROM THE BOYS OVERSEAS

Dear Friends:

I have received cigarettes which were sent to me from the Champion Tobacco Fund, and appreciate your kindness. I am sending post card that was enclosed so you will know which order it was.

I am fine and am feeling good these days, and I am still managing to get along on my own cooking so I can't complain if I don't get enough to eat. Outside of being lonely for our families I don't think the boys over here are very badly abused so far, just get scared once in awhile.

The weather is very good at the present.

Well I will thank you again for the smokes and say hello to the Championites. Hoping this letter gets to you O K. Cheerio and good luck Champion. I'll be seeing you.

Your friend,
Gordon Urquhart,
v-v-v

Dear Sir,

Just a few lines to thank you for the 300 Sweet Caporal cigarettes you sent me. I sure appreciate it very much indeed.

I am getting along fine and feeling very happy. I sure like England or I should say Great Britain.

Here I am thanking you for the cigarettes again, I could use lots of them.

Yours truly,
Gus Z. A. Sipos,
v-v-v

Dear Folks of Champion:

Just a line to let you know I am O. K. and very glad to receive the 300 Sweet Caporal cigarettes, thanking you ever so much. I am still in England but hoping to be back in Canada soon if we can get this war over. I have great pleasure in reading the Champion paper which I get from J. Kennedy, who is in the same battery. Best of luck, thinking of my old home town always.

H. A. Bester.

LETTERS FROM THE BOYS IN UNIFORM

v-v-v

Champion Chronicle Tobacco Fund.

I herein wish to acknowledge receipt of your gift parcel Au. A.66836. Many thanks for your timely and very thoughtful gift.

It has been weeks since we have had any mail from home so Canadian smokes have been scarce as hen's teeth for some time.

Yesterday new mail started coming in and we do hope it will continue for a few days.

The weather at present is a bit dreary and gives me the feeling it may snow at any time though that is very unlikely to happen for some time. I guess I have become imbued with too many Canadian winters to get their feeling out of my bones in a short time.

This country has been blessed with a beautiful harvest and better than average weather this year so we have that much to be thankful for.

A month ago I enjoyed a very pleasant seven day leave, most of which was spent in London. One advantage in staying in London is the number of very fine places Canadian War Services have organized there for the use of Canadian and other overseas troops on leave.

It seems that at least ninety-five per cent of all Canucks upon arriving in London go to the Beaver Club straightaway. Being the senior club it is the most widely known.

They do not rent rooms, but have lovely reading and rest rooms. Also they serve lovely lunches and hot meals, have a field comforts room and a very efficient information desk and a register for visitors. This register is so well organized that if one goes in there wanting to trace a friend it is only a matter of seconds to get his address if he has registered within the past three years.

Hoping that you at home will get some pleasure from knowing that your efforts to improve our lot in this game of waiting, are giving results and are much appreciated I will close; thanking you again for your kindness.

Yours sincerely,
O. J. Versluys,
v-v-v

Dear Mr. Orris:

Received a carton of cigarettes yesterday from Mrs. Freese, Convenor of the Champion Chronicle Tobacco Fund and I wish to thank you and friends in Champion for the "treat."

This morning there were the September 3rd and 10th copies of the Chronicle in my mail. We are always glad to get the paper, as it keeps us posted on what's going on at home, not to mention the condition of Mountain Street. Archie Ruggles seems to have broken loose again—if you would look away back in the Chronicle's files you would find his ideas at that time, about a Curling Bonspiel held in Champion.

Had the opportunity of looking up Teddy Davies and Billy Bozarth about a month ago. They were both looking very well and getting along fine. Hope to see them again in a couple of weeks.

Thanks again for the cigarettes and paper.

Sincerely,
Gordon McLean,
